River Legacy Living Science Center

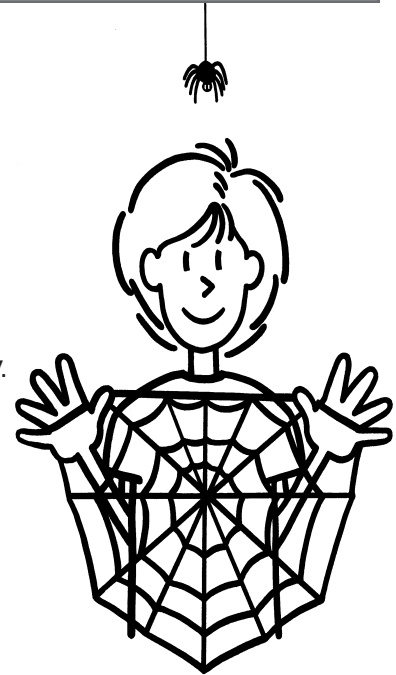

After-School Clubs

During after-school clubs at River Legacy Living Science Center, students in grades K-6th have the unique experience of exploring the plants, animals and habitats of a riparian forest in the middle of the Metroplex. From frogs to trees to the weather, children learn about a new topic each month, then go outside and explore it for themselves. **The curriculum is designed to offer new classes each year for seven years.**

Clubs meet **once a month on scheduled Tuesdays** from 4:15 to 6:15 pm from September through April (except December). **Please see dates below.**

An annual membership fee of \$145 is payable in full at the time of registration. Membership for each club is limited and is available on a first-come, first-served basis (wait lists available). *Additional club dates could open due to wait list demand.*

Transportation must be provided by a parent or guardian.

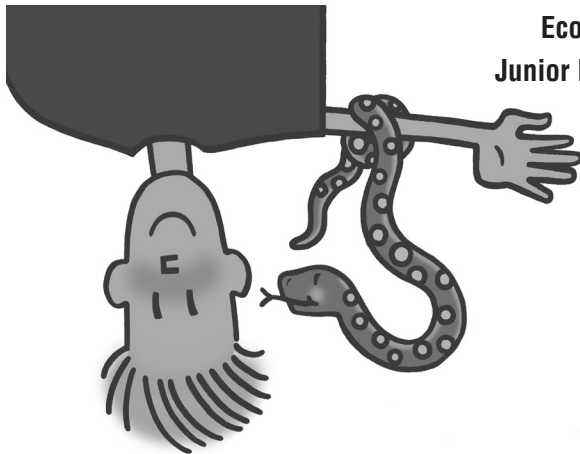

River Legacy After-School Clubs:

Nature Explorers • K - 1st grades (limit 12 students)

Eco Detectives • 2nd - 3rd grades (limit 12 students)
