

Tuition Information

Tuition is due in full at registration. Refunds (less a \$25 processing fee) are made only for withdrawals 30 days in advance of the first class meeting. Withdrawal and refund requests must be submitted in writing. If a class is canceled by the Nature Center, a full refund will be made. Once registration is complete, a fee of \$25 will be required for each change of class request.

These requests must be submitted in writing along with the fee.

Frequently Asked Questions

Q: Can I drop off my child at the front door of the building?

A: Because we take our responsibility for your child’s safety seriously, our protocol requires that an authorized adult sign each child in and out at the classroom door each day of camp.

Q: How early can I drop off my child for camp?

A: Classroom doors will open at 9 am. If you arrive earlier, you and your student can enjoy the activities in the Nature Center atrium until classroom doors open.

Q: How do you handle peanut and other food allergies?

A: The snacks we provide in all classes every day are commercially produced and nut free. Packaging and ingredient lists are available for your examination upon request.

All students in full day classes are asked to bring a lunch that **does not include nut products**. If you would prefer to have your child bring a snack from home that you know will meet his/her health needs, our teachers can readily accommodate that change in snack routine.

What Parents are Saying:

“My children have consistently loved this program. Even with a 30-minute drive, it is a ‘must do’ each summer!”

“We don’t send our children to many camps because they are not worth the time and money. But River Legacy classes are always worth every penny. My kids learn a ton and talk about what they learned all year long.”

“What a treasure River Legacy is for our family. It’s a great way to extend skills learned throughout the school year!”

“Some summer camps feel more like babysitting - River Legacy is educational and fun. Hands-on learning and some time spent in nature - a fantastic value.”

Summer Classes at the Nature Center provide students with an exciting hands-on, experiential opportunity to explore our natural world.

A variety of programs offer an interactive, engaging way to learn about wildlife, ecology and the environment.

Summer at the
Nature Center!
2024

Outdoor Adventures

K-4th

Monday-Friday

Outdoor Adventures

(14 students per class) 

Rev up your summer with some exciting outdoor fun! Experience a variety of nature-filled adventures like woodland survival and camping skills, eco-friendly projects and water fun, all in the setting of River Legacy Park’s animal-rich outdoor classroom. Class will meet and dismiss daily at River Legacy Nature Center, but the bulk of the day will take place in “the best classroom of all” – nature!

June 17-21:	Grades K-2nd	9 am to 3 pm	\$300
June 24-28:	Grades K-2nd	9 am to 3 pm	\$300
July 22-26:	Grades K-2nd	9 am to 3 pm	\$300
June 17-21:	Grades 3rd-4th	9 am to 3 pm	\$300

Extreme Outdoor Adventures

7th-8th

Monday-Thursday · June 24-27

Extreme Outdoor Adventures

(10 students per class) 

Kick your summer fun up a notch! Spend a week exploring the fun that can be had at River Legacy and surrounding community locations through kayaking, hiking, rock climbing, learning how to survive in extreme conditions and so much more!

June 24-27:	9 am to 3 pm	M-Th	\$315
-------------	--------------	------	-------

Good to Know

- Our student information and emergency release form is integrated into the online registration process.
- All classes have a hands-on science focus with engaging curriculums.
- Two qualified teachers per class.
- Students should wear closed-toe shoes and socks for all camps. (Please, no flip flops!)
- Sunscreen and insect repellent are recommended and must be applied before entering the building.
- In an attempt to alleviate parking issues, we will try to open classroom doors 5 minutes early every day.
- Students must be signed in and out of class each day by an authorized adult.
- Students in full day classes should bring a ***nut free*** lunch and drink, as noted by the lunch bag icon. 

To help us safeguard the well-being of all our students, please do not send any nut products.

Ages 3 - 5

Children must be 3, 4 or 5 by the session date in which they are enrolled and must be fully toilet trained and toilet-independent.

Age 3

Scales & Tails (9 students per class)

Spend a week meeting a scaly assortment of River Legacy’s cold-blooded creatures and learn what it takes to be a reptile.

June 3-7:	9 am to 12 pm	\$225
June 10-14:	9 am to 12 pm	\$225

Winged Wonders (9 students per class)

What would you do if YOU had wings? Learn about some of River Legacy’s wonderful winged creatures and the surprising things they can do with THEIR wings!

July 8-12:	9 am to 12 pm	\$225
July 15-19:	9 am to 12 pm	\$225

Age 4

Animal Sense-Abilities (12 students per class)

How does an earthworm hear? Why do snails wave their eyes around on stalks? How does a butterfly know it has landed on a flower it likes? You know how we use our senses – now learn how animals’ senses help them survive in River Legacy Park.

June 3-7:	9 am to 12 pm	\$225
June 10-14:	9 am to 12 pm	\$225

Hide & Seek (12 students per class)

What do you do when something wants to EAT you? Learn how some of the animals in River Legacy Park hunt for their food – and how they escape from their predators!

July 8-12:	9 am to 12 pm	\$225
July 15-19:	9 am to 12 pm	\$225

Age 5

Mighty Morphs (12 students per class)

Meet some of nature’s “transformers” and learn about the mighty big changes they undergo during metamorphosis.

June 3-7:	9 am to 12 pm	\$225
June 10-14:	9 am to 12 pm	\$225

Wet & Wild (12 students per class)

Join in a hands-on exploration of the special features and abilities that allow certain plants and animals to survive in the watery environments of River Legacy Park.

July 8-12:	9 am to 12 pm	\$225
July 15-19:	9 am to 12 pm	\$225

1st - 6th Grades

Entering Grades 1 & 2

Slime Sleuths (14 students per class)

 Be a part of the investigative team working to solve a woodland slime mystery. Young sleuths will have the chance to hone their math, science and investigation skills, dabble in chemistry, and engage in a variety of art and literary experiences while examining the interesting roles of slime in nature.

June 3-7:	9 am to 3 pm	\$300
June 10-14:	9 am to 3 pm	\$300
June 17-21:	9 am to 3 pm	\$300

Entering Grades 3 & 4

Pondering the Pond (14 students per class)

 Let’s dive into pond fun! What allows a pond to support its inhabitants, and what adaptations do these creatures have that allow them to live in it? Investigate these questions, experience close-up encounters with River Legacy Park’s aquatic residents, and participate in real chemistry experiments.

June 3-7:	9 am to 3 pm	\$300
June 10-14:	9 am to 3 pm	\$300

Entering Grades 5 & 6

Ornithology: Bird Biology (14 students per class)

 Our planet has roughly 10,000 species of birds on it right now! Did you know that feathers are made up of the same material as our fingernails? Let’s fly into the wonderful world of avian natural history and explore the science of ornithology, the study of birds. This class includes an optional birding trip on Friday morning to the Village Creek Drying Beds, next door to River Legacy Park!

June 3-6:	9 am to 3 pm	M-Th	
June 7:	7 am to 8:30 am	F	\$300
June 10-13:	9 am to 3 pm	M-Th	
June 14:	7 am to 8:30 am	F	\$300

DINOSAURS UNEARTHED!

Ages 5 & 6

Dinosaurs Unearthed (12 students per class)

 Spikes and horns and frills...oh my! Through excavation, exploration and evaluation, discover the world of the ancient reptiles that once inhabited our very own Texas backyard!

June 24-28:	9 am to 3 pm	\$300
-------------	--------------	-------

June 24-28:	9 am to 3 pm	\$300
-------------	--------------	-------

June 24-28:	9 am to 3 pm	\$300
-------------	--------------	-------

June 24-28:	9 am to 3 pm	\$300
-------------	--------------	-------

Eggstraordinary Eggs (14 students per class)

 Eggs are everywhere – hidden under the ground, floating atop the water, nestled among the branches of trees, concealed inside our homes. Through careful observations and daily, hands-on investigations of eggs and egg-laying animals, students will learn how *eggs-tremely* exciting exploring eggs can be!

July 8-12:	9 am to 3 pm	\$300
July 15-19:	9 am to 3 pm	\$300
July 22-26:	9 am to 3 pm	\$300

Entering Grades 3 & 4

Biology of Herpetology (14 students per class)

 Engage in an up-close investigation of native reptiles and amphibians. Explore their natural history and the special adaptations that enable them to survive in Texas. Safely handle herps in the classroom, and search for and identify them in the park.

July 8-12:	9 am to 3 pm	\$300
July 15-19:	9 am to 3 pm	\$300

Entering Grades 5 & 6

Animal Architects (14 students per class)

 Design. Excavation. Construction... Building projects happen all the time in the woodland habitats of River Legacy Park -- without human assistance! Come learn about the remarkable construction projects that help our animal neighbors survive in the wild. Explore the adaptations and incredible physical skills that make them successful architects. Be prepared to get up-close and personal learning about these very constructive critters.

July 8-12:	9 am to 3 pm	\$300
July 15-19:	9 am to 3 pm	\$300
